

# CLINICAL DENTAL SKILLS COURSE 2026

**kick start your  
career**

# Denthub Academy

At Dent Hub Academy, we believe excellence in dentistry begins with high-quality education. As a leading UK-based provider, we deliver advanced, evidence-based training designed to enhance restorative, cosmetic, and clinical skills in a supportive environment. Our programs are trusted internationally across the UK, Middle East, Egypt, Pakistan, and Ethiopia.

## Our Mission:

To raise the standard of clinical dentistry through ethical, practical, and evidence-based education.

## Our Vision:

To empower dental professionals worldwide by delivering innovative training that adapts to regional needs and promotes clinical excellence.

# Dr Bazgah Siddique

BDS PG Cert Implantology (London)  
PG Diploma programme Implantology (London)  
PG Cert Restorative Dentistry(London)

Dr. Bazgah Siddique is a highly experienced dental surgeon with over 20 years in clinical practice and a special interest in Implantology and Restorative Dentistry. Since 2018, she has successfully placed dental implants with consistently high success rates and excellent patient outcomes.

Her expertise includes dental implants, Invisalign, veneers, crowns, composite bonding, teeth whitening, root canal treatment, and comprehensive gum care. Dr. Siddique holds a BDS degree and prestigious UK postgraduate qualifications, including a Postgraduate Certificate and Diploma Training in Implantology and Postgraduate Certificates in Restorative Dentistry. She also completed FCPS Residency training in Operative Dentistry, where her research focused on root canal treatment in mandibular molars.

Committed to clinical excellence, she regularly attends advanced masterclasses and hands-on training programs to remain at the forefront of modern, evidence-based dentistry
